Acme Corp Policy Handbook

1. Remote Work Policy

Employees may work remotely up to three days per week. Core collaboration hours are 10:00 to 15:00 Eastern Time, and everyone must be reachable on Slack during these hours.

Fully remote arrangements require written approval from a department director. Remote employees must live in a state where the company is registered as an employer.

The company provides a one-time home office stipend of $500, available after the first 90 days of employment. Receipts must be submitted within 30 days of purchase.

2. Information Security

All company laptops must use full-disk encryption and automatic screen lock after five minutes of inactivity. Passwords must be at least 14 characters long and are changed only when a compromise is suspected.

Multi-factor authentication is mandatory for email, the VPN, and the code repository. Hardware security keys are issued to engineers on request.

A suspected security incident must be reported to security@example.com within one hour of discovery. Do not attempt to investigate or delete evidence on your own.

3. Travel and Expenses

Business travel must be booked through the company travel portal at least 14 days in advance. Economy class is required for flights shorter than six hours.

The daily meal allowance during travel is $75. Alcohol is not reimbursable. Expense reports are due within 30 days after the end of the trip and are approved by the direct manager.

Single purchases above $1,000 require prior approval from the finance department.
